

Dear Loyal Claymore Customers

In full compliance with governor Gretchen Whitmer's "stay at home" order for Michigan (Executive Order No. 2029-21), we are temporarily suspending "in-store" customer activity but we do remain open for business with a reduced staff. JJ Benkert, Al Skiba, and Kurtis Williams will share the responsibility for conducting minimum basic operations as laid out in the Executive Order.

Our inventory of fine men's furnishings remains available to our customers and may be viewed on our [website](#), on social media and most importantly by way of electronic "live" viewing through such methods as Skype or FaceTime. Please call us at [248.642.7755](tel:248.642.7755) to arrange a private personal *voice-to-voice* appointment. Essential staff will be available during limited hours for questions, ordering or information 11am-4pm Monday-Saturday.

A plethora of new product will be added daily to our [Instagram @ClaymoreShop](#) via our "Story" or, our "Story Archive" at the top of our Instagram page...[give us a call, sent a text, or email](#) us if there is something that will brighten your day.... *we are here for you.*

Small family businesses such as ours must adapt to the new and unfamiliar circumstances that we all find ourselves in at this time. We appreciate your continued support.
